Our Design Process

As a single source provider of custom solutions, Red Thread collaborates with you from concept to execution.

brainstorm

- Assess your needs
- Develop potential solutions

visualize

- 3D renderings
- Finish Selections

engineer

- Detailed specification
- Budget & schedule

build

- Quality craftsmanship
- Installation

Consultative Approach

We can develop your idea into a conceptual design or execute plans provided by your architect or designer.

Project Management

From needs assessment through installation, we manage your project each step of the way.

Realistic 360° Renderings

Visualize your finished product with your selected material and finish options.

Project Spotlight

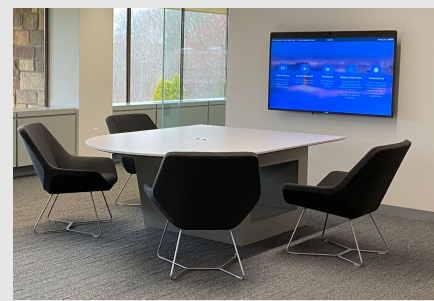

Manufacturing
New Britain, CT

Met exact aesthetic from A&D firm's previous design intent with another manufacturer

Mock-ups were provided to allow client to sit at tables, evaluate knee space and critical wiring troughs, and assess aesthetic match

Design of wiring troughs tested for ease of use, weight of doors and usability

Tabletop sizes customized to fit all different shapes and sizes of meeting rooms

U-Shape Executive Conference Table

Manufacturing
New Britain, CT

Telepresence Table

Manufacturing
New Britain, CT

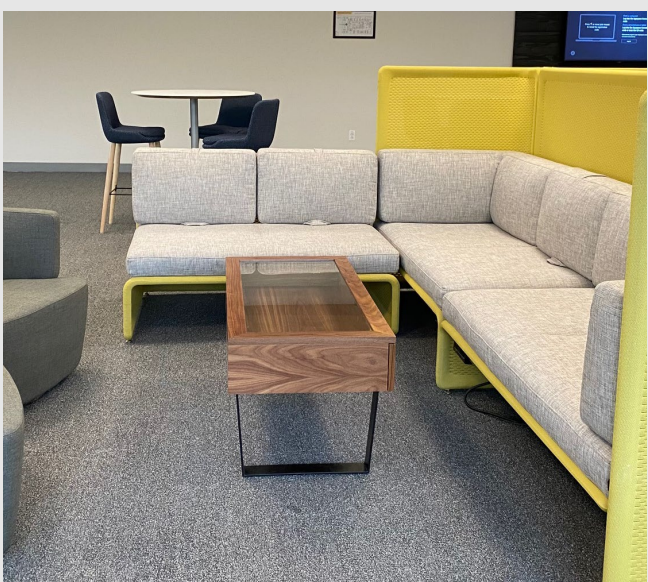

Trapezoid Tables

Manufacturing
New Britain, CT

Display Coffee Table

Manufacturing
New Britain, CT

D-Shaped Tables

Manufacturing
New Britain, CT

additional
project
examples

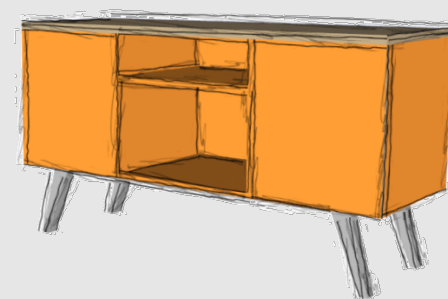

U-Shape Table

Finance
New York, NY

Custom U-shaped table integrates power and wireless charging

Optimizes sight lines to accommodate wide-angled camera

Assembled in segments to fit through building's service elevator

Credenza

Finance
New York, NY

Custom credenza to match aesthetic and meet AV storage requirements

Surface material perfectly matches the conference room table

Photo © Greg Premru Photography Inc.

Boardroom Table

Finance
Hyannis, MA

Elegant, light 24-person boardroom table

Integrated power and quick disconnect system for converting to training room layout.

Flush-mounted technology connection boxes

Parsons Style Table

Healthcare
White Plains, NY

Inspired by high-end manufacturer with long lead time

Custom laminate color and waterfall stone surround with integrated power

Top and edge were heat-sealed and delivered in one piece for a seamless aesthetic

Boardroom Table

Finance
Webster, MA

Custom 30' oak wood finish high-end manufacturer "knock off" table to accommodate design spec.

U-shaped legs hide integrated power cords.

Stone Top Table

Healthcare
White Plains, NY

Co-developed with design firm

Custom 9-person trapezoid-shaped table made of hand-selected stone

Custom undercut edge detail allows easier access to power components

2-piece top seamed and book-matched with rounded corners and custom stain

Conference Room Table

Corporate
Boxborough, MA

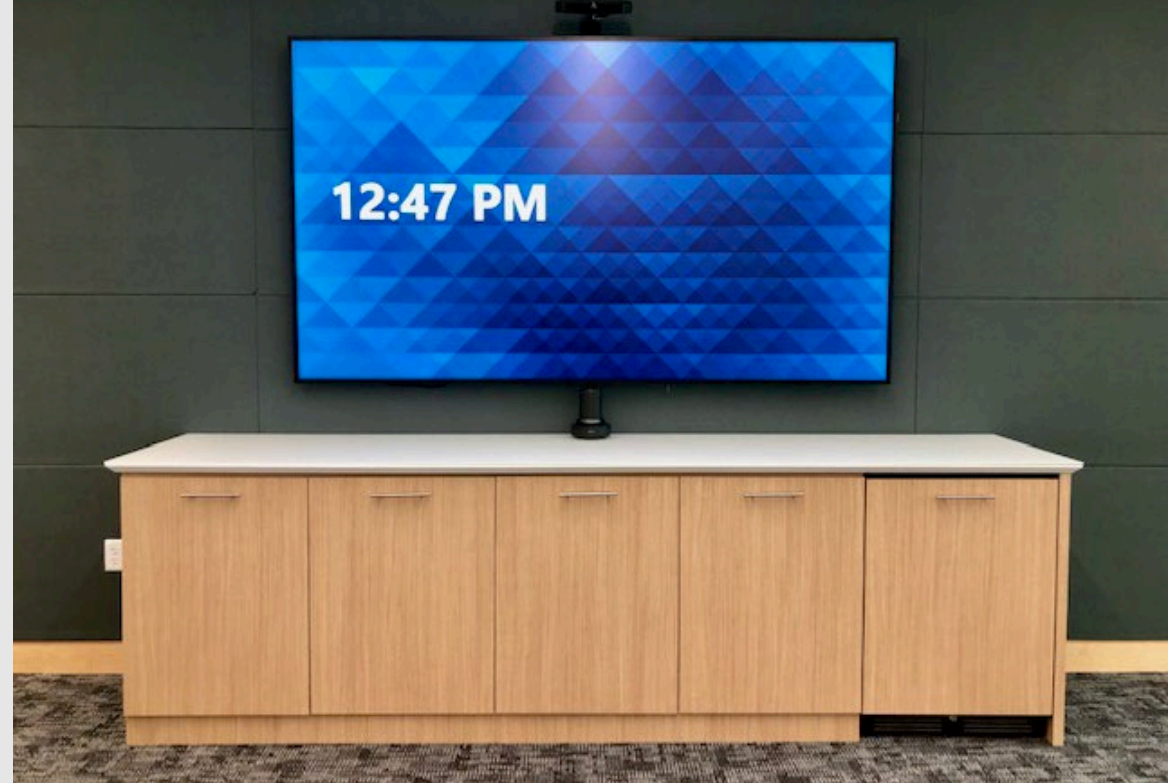

The new standard for conference room tables
for this client

Elegant black A-frame base

Traceless laminate prevents fingerprints

Integrates power and AV components

Boardroom Table & Credenza

Insurance
Canton, MA

Custom style and shape wood table with glass top and matching credenza

Seamlessly integrates AV components

Smaller version created for executive conference room

Photos © Eric Laignel

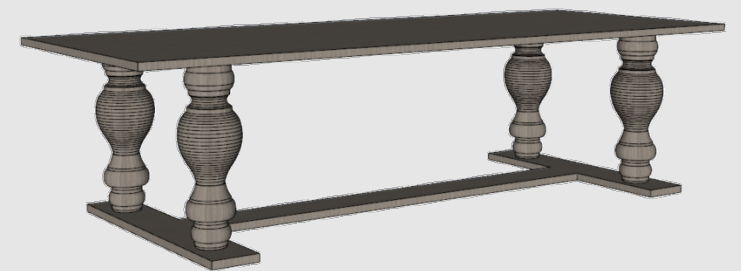

Lounge Table

Corporate
Boston, MA

Feature element for a five-story winter garden lounge

Exquisite one-of-a-kind table

Inspired by Restoration Hardware but custom size and incorporates power through a turned leg

Photos © Christopher Navin Photography

7-Sided Boardroom Table

Retail
Lakeville, MA

Unique 7-sided table with 20 seats to match heptagon shaped room

Hand-selected reclaimed oak from an old church in NJ

Power & data concealed within table's surface & surface-mounted microphones

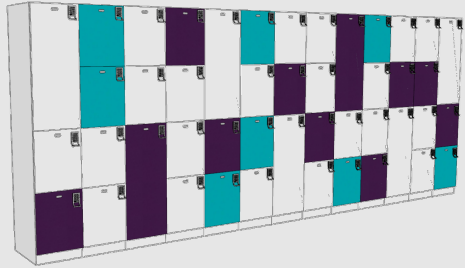

Lockers

Corporate
Boston, MA

Better pricing and fabrication than the client's previous supplier – proven with a mockup

Some with no locks, some digital locks, some incorporate trash/recycling pullouts

We now build these for all of their facilities in Texas, Atlanta, New York and Boston

Lockers

Financial
Stamford, CT

Custom bank of lockers with electronic locks

Touchdown workers using unassigned seating can reserve them for a period of time or the entire day

We offered a better lead time, competitive price, and custom sizing and finishes

Achieves a built-in look with the client's brand colors
