# Sanitization Stations Lookbook

WORKPLACE RE-ENTRY PROGRAM

# welcome

This Lookbook was created with care to serve as an inspirational resource as you explore sanitization stations to provide sanitation supplies throughout your space according to CDC guidelines.

We want to be your partner in helping you select, procure and deliver these solutions. Please reach out to us with any questions, and for pricing.

# navigating the lookbook

In order to bring you the most value, we have included the following resources:

## Linked Manufacturer Index

Our index is alphabetical by manufacturer. Steelcase partners are bolded, and colored icons indicate the lead time range for each vendor. Click on the manufacturer name to jump to that page in the Lookbook.

# How do you select the right sanitization station?

Start by asking yourself these questions:

## Product Type

- Do you want the unit to be free standing?
- Do you want the unit to be mobile, for easy relocation from room to room?
- Do you want the unit to be wall-hung, where it does not occupy floor space?
- Would you like the ability to display digital signage?

## Unit Size

- Consider the types and quantities of sanitizing products you are supplying to help determine the storage / surface space needed.

## Aesthetics

- What finish best matches your workplace furnishings: laminate, paint, or wood?
- Do you want to keep items concealed from view, or open and easily accessible?

## Access

Does the storage for sanitizing products need to be lockable, restricted to select personnel?
